About us.

InCommerceLLC was established in 2010 as an option for the marketing and distribution of natural and healthy products from Colombia and other South American countries into the North American market. Colombia has been known for developing quality products and has also received high recognition as an innovative and safe producer of food goods.

InCommerceLLC is located in Bridgeport, Connecticut and is led by a group of people who have more than 18 years experience in the regional Retail Market and which have more than 30 years experience in International Markets. This experience provides our company with strength and stability that will enable growth and expansion.

Our customers are the most important part of our business, and we work tirelessly to insure your complete satisfaction, now and for as long as we work together.

All of our products are certified Kosher and some are certified Organic.

Please feel free to contact anyone of the persons listed below. We will be glad to provide you with more information.

01

Thank you

*for taking the time and
hoping to hear from you
soon.*

Pets

When feeding your pets, you always want to give them the best. Our products are carefully selected, processed naturally and carefully Packaged to ensure the greatest satisfaction for your best friend and Our main customer: **Your pet.**

Ours **Bully Sticks and Treats** products are made from 100% beef. They supply your pet with a large number of vitamins, are high in protein and provide and promote dental health. They are easily digestibles and preservatives free, also offer long hours of entertainment. You will be able to select from a large reference catalog of Straight Bully Sticks, Braided Bully Sticks, Spirals Bully Sticks, Fancy Bully Sticks and other Natural.

Making of products

Our process begins in Colombia with the collection of raw beef. The raw material is carefully selected, certified, flash frozen and transported to our Plants in optimal condition for the manufacturing of our Pet products.

The raw material is then sterilized, washed, weighed and cut for dehydration in specially designed ovens. The treats are then packaged according to our Customers requirements and packed for shipment.
